Harness the Power of Strategic School Leadership

The **BES School Management & Leadership Accelerator** is a leadership development program designed to build a diverse and dynamic network of strategic and high-performing school leaders. Through a comprehensive approach to school management and leadership, this eight-month program will help leaders develop sharp business acumen, strong emotional intelligence, and the confidence to drive lasting, transformative change. Participants will graduate equipped with the tools, mindsets, and community needed to lead thriving schools with resilience, precision, and purpose.

Program Requirements

- **Experience:** School leaders in their first five years of a leadership role
- **Responsibility:** Currently managing one or more staff members, or responsible for leading a school-wide or district-level program
- **Commitment:** Approval from manager to participate, ensuring alignment with the participant's professional growth and organizational goals

Develop Skills Focused on Educational Impact & Operational Excellence

- Lead with clarity and confidence as you execute a strong leadership vision.
- Establish inclusive school environments that foster engagement and collaboration.
- Implement data-driven strategies to improve student outcomes.
- Develop high-performing, motivated teams through effective coaching and accountability.
- Strengthen school operations for long-term success.
